Total:

To get the number of physicians in any of the listed self-designated practice specialties, click on a specific specialty.

To get the total number of physicians in the county regardless of specialty, click ALL.

To query another state, select a new state from the drop down list.

The specialties reported are derived from the American Medical Association's list of Self-Designated Practice Specialties/Areas of Practice. This list is related to the record-keeping needs of the American Medical Association and does not imply "recognition" or "endorsement" of any field of medical practice by the Association. The fact that a physician chooses a given specialty/area of practice on our records does not necessarily mean that the physician has been trained or has special competence to practice that specialty.
