You are here: [EPA Home](#) [Green Book](#) The Green Book Nonattainment Areas

The Green Book Nonattainment Areas for Criteria Pollutants

As of August 30, 2011

Questions concerning the status of nonattainment areas, their classification and EPA policy should be directed to the appropriate [Regional Office](#). EPA [Headquarters](#) should be contacted only when the Regional Office is unable to answer a question.

Areas of the country where air pollution levels persistently exceed the national ambient air quality [standards](#) may be designated "nonattainment." To view a list of areas designated nonattainment, select one of the pollutants below:

- [1-Hour Ozone](#)
- [8-Hour Ozone \(1997 Standard\)](#)
- [Carbon Monoxide](#)
- [Nitrogen Dioxide](#)
- [Sulfur Dioxide](#)
- [Particulate Matter PM-10](#)
- [Particulate Matter PM-2.5 \(2006 Standard\)](#)
- [Particulate Matter PM-2.5 \(1997 Standard\)](#)
- [Lead \(2008\)](#)
- [Lead](#)
- [All Criteria Pollutants](#)

What's New

2000 populations are available for the newly designated 2008 Lead nonattainment areas and the 2006 PM-2.5 West Central Pinal, AZ nonattainment area. 2010 populations coming soon!

The "Downloads" link on the sidebar provides access to data exports, GIS shapefiles, and sets of Green Book maps.

The State Implementation Plan Status Website is now available.

Tip: View [newly published Federal Register Notices](#) or notices that are due to become effective after this Green Book was posted. Or see the Notices included in this Green Book [since the last posting](#).

You are here: [EPA Home](#) [Green Book](#) Criteria Pollutant Reports

Criteria Pollutant Reports

1. [Criteria Pollutant Nonattainment Area Report](#)

This report includes the Number of Counties, Population and Classification with links to counties included in each area. The listing is by State then Area (all criteria pollutants on a single line).

2. [Criteria Pollutant Nonattainment Area Detail Report](#)

This report contains a listing by State, Area then Pollutant (each pollutant on a separate line).

3. [Currently Designated Nonattainment Areas for All Criteria Pollutants](#)

This report includes Counties Designated Nonattainment and contains a listing by State, County then Pollutant.

4. [Nonattainment Status for Each County by Year for Each Pollutant](#)

These reports are state by state and include Nonattainment and Maintenance Areas with History, and Counties Currently or Previously Designated Nonattainment. The listing is County then Pollutant.

5. [Nonattainment Status for Each County by Year for Each Pollutant, including Previous 1-hour Ozone Counties](#)

These reports are state by state and are similar to the report #4 above, with the addition of previous 1-hour Ozone Nonattainment and Maintenance counties. Included are Nonattainment and Maintenance Areas with History, and Counties Currently or Previously Designated Nonattainment. The listing is by County then Pollutant, and includes designated Section 185A and Incomplete/No Data ozone nonattainment areas.

6. [Historical Whole or Part County Nonattainment Status by Year Since 1978](#)

This report includes Counties Designated Nonattainment as of July 1 in 40 CFR 81, listed by State, County then Pollutant for each year since 1978. This report includes 1-hour Ozone nonattainment area counties. Counties are marked as "P" if part of the county is in nonattainment for the pollutant, or "W" if the whole county is in nonattainment for the pollutant.

7. [Historical Whole or Part County Nonattainment Status by Year for TSP and PM-10](#)

This report includes Counties Designated Nonattainment as of July 1 in 40 CFR 81, listed by State, County then Pollutant for each year since 1978 for TSP and 1991 for PM-10. Counties are marked as "P" if part of the county is in nonattainment for the pollutant, or "W" if the whole county is in nonattainment for the pollutant.

8. County Maps

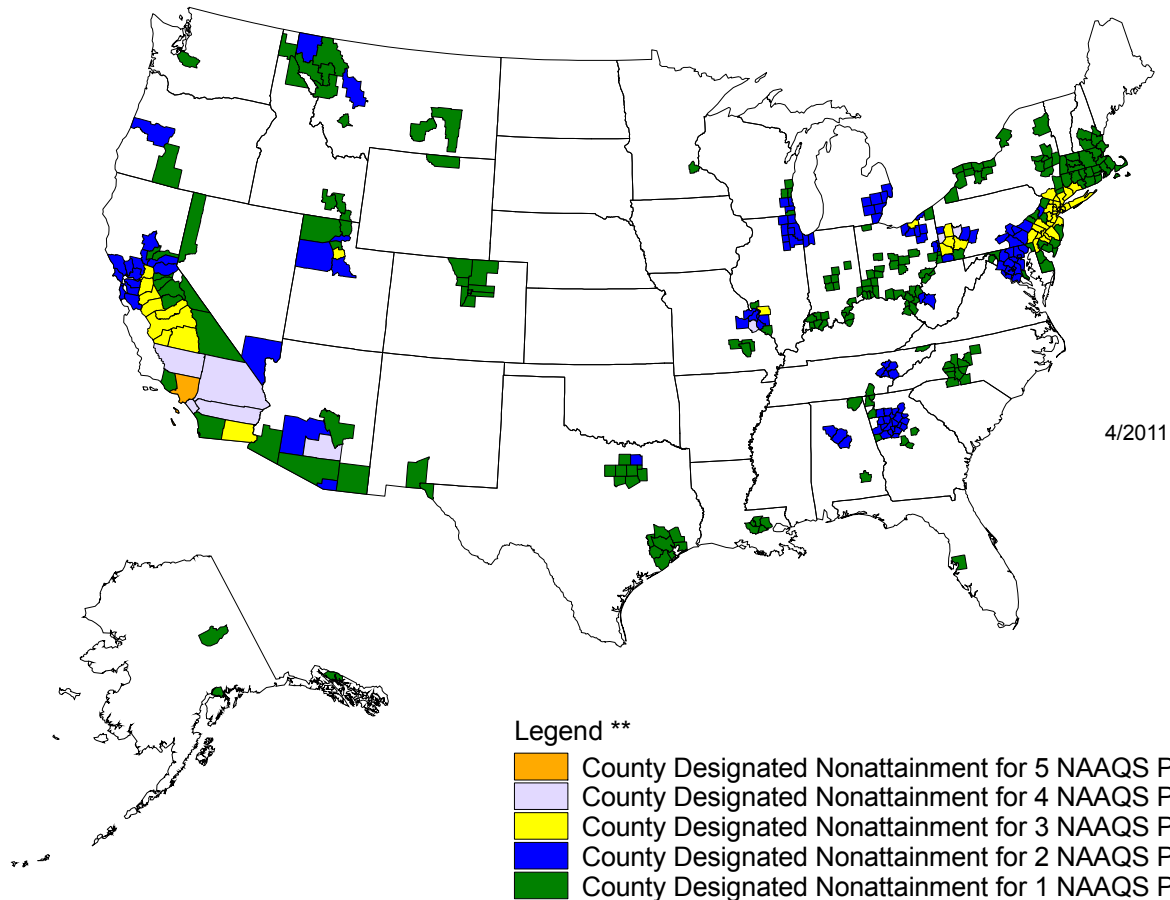

- a. [Map of Number of Pollutants by County Designated Nonattainment - U.S. Map](#)
- b. [Map of Number of Pollutants by County Designated Nonattainment or Maintenance - U.S. Map](#)

9. [40 CFR PART 81 — Designation of Areas for Air Quality Planning Purposes](#)

This report includes the entire 40CFR Part 81 as published on the Government Printing Office web site.

Counties Designated "Nonattainment"

for Clean Air Act's National Ambient Air Quality Standards (NAAQS) *

Guam - Piti and Tanguisson Counties are designated nonattainment for the SO₂ NAAQS

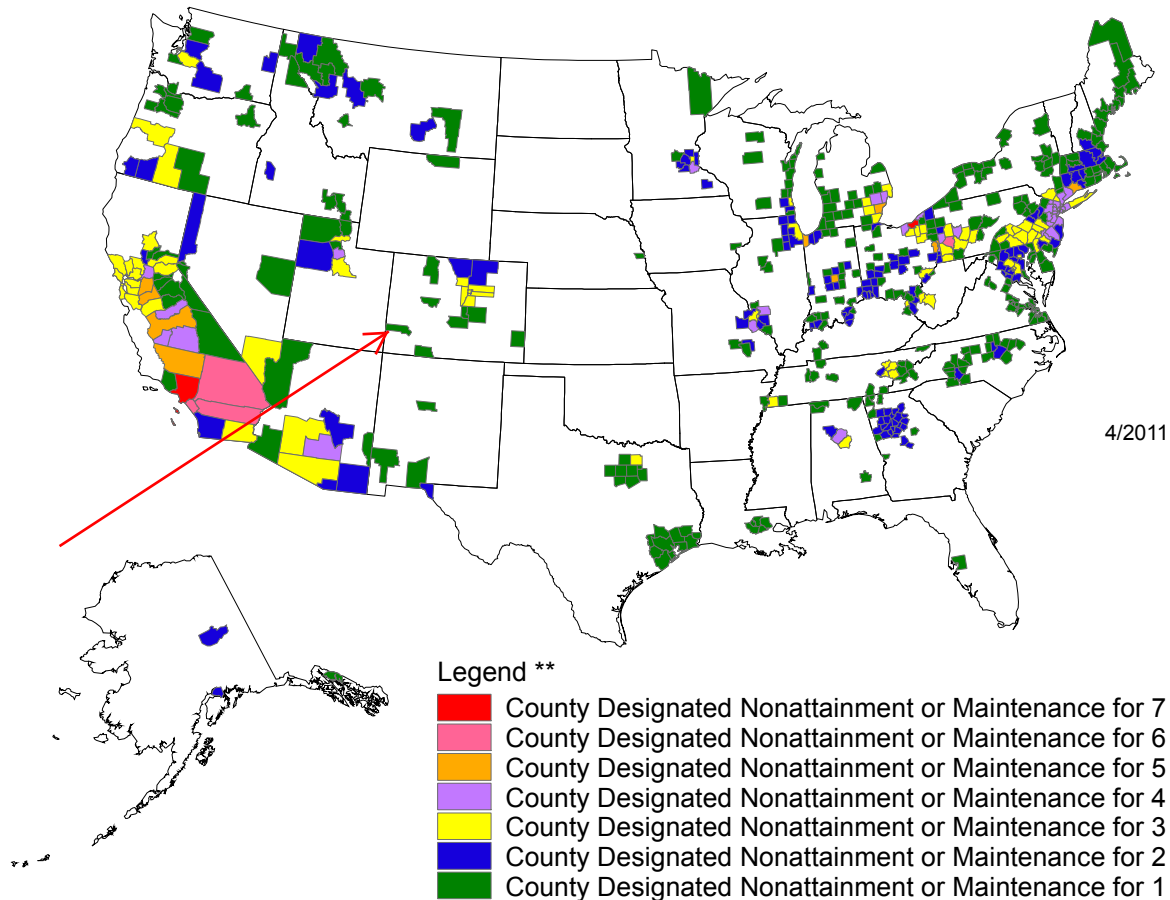

* The National Ambient Air Quality Standards (NAAQS) are health standards for Carbon Monoxide, Lead, Nitrogen Dioxide, 8-hour Ozone, Particulate Matter (PM-10 and PM-2.5), and Sulfur Dioxide.

** Included in the counts are counties designated for NAAQS and revised NAAQS pollutants. 1-hour Ozone is excluded. Partial counties, those with part of the county designated nonattainment and part attainment, are shown as full counties on the map.

The Indiana portion of the Chicago-Gary-Lake County, IL-IN 8-hr Ozone multi-state nonattainment area has been redesignated, but the area is not considered a maintenance area until both states in the area are redesignated. All of the counties for this area are displayed as being in nonattainment

Counties Designated "Nonattainment" or "Maintenance"

for Clean Air Act's National Ambient Air Quality Standards (NAAQS) *

Guam - Piti and Tanguisson Counties are designated nonattainment for the SO₂ NAAQS

* The National Ambient Air Quality Standards (NAAQS) are health standards for Carbon Monoxide, Lead, Nitrogen Dioxide, 8-hour Ozone, Particulate Matter (PM-10 and PM-2.5), and Sulfur Dioxide.

** Included in the counts are counties designated for NAAQS and revised NAAQS pollutants. 1-hour Ozone is excluded. Partial counties, those with part of the county designated nonattainment and part attainment, are shown as full counties on the map.
